

At first it felt like the Doctor did not even touch my shoulder! But then the Doctor took out the needle I saw she was already ~~done~~ done. -Ruby, 7

I felt really nervous when the Doctor came in. But then she just took our temperature and was really nice! When she put the needle in I felt nothing really. I had expected it to hurt like a FLU shot, but it didn't. NOW I feel very good about being Safer. -Maya, 11

Elot looked forward to getting the COVID19 vaccine - we had talked a lot about its importance. While he got freaked out the moment - of he ~~recovered~~ recovered quickly and seems okay.

I felt...

Very nervous... But I am OK. Now I am Vax.

More!

~~I~~ I Love getting my shots Because then ill Be ~~there~~ all OK.
