

-Chuck, Charlie-I got the Covid Vaccine because although this
terrible pandemic is mostly gone we all have to do our
part for the people we love. I imagine some of you have
waited for the vaccine for months and how is your
chance to get it and help those you love.

-Maggie- I can tell you one word don't
give up!!!

I was scared but it only lasted
a few seconds.

IT DOES NOT
HURT AT ALL
